Based on recent events and due to limited resources and limited staff availability, Notis Global, Inc. (the "Company") cannot complete the process of compiling and disseminating the information required to be included in the Company's Quarterly Report on Form 10-Q for the quarter ended March 31, 2016 (the "Form 10-Q") for the relevant fiscal quarter without incurring undue hardship and expense.

The Company believes that its analysis will be complete, and the Company expects to file the Form 10-Q on or before May 23, 2016, within the time allowed by this extension.

- (2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such short period that the registrant was required to file such report(s) been filed? If answer is no, identify report(s). Yes No
- (3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected in the earnings statement to be included in the subject report or portion thereof? Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Company expects to report consolidated net income of approximately \$1,248,000, for the quarter ended March 31, 2016, as compared to a consolidated net loss of approximately \$4,434,000 for the same period of 2015. The decrease in net loss of approximately \$5,681,000 was due to a favorable change in the fair value of derivative liability of approximately \$6,641,000, change in fair value of warrant liability of approximately \$556,000 and a decrease in loss from operations of approximately \$457,000 offset by increase in financing cost of approximately \$1,991,000.

We expect operating expenses to have decreased for the quarter ended March 31, 2016 compared to the same period of 2015 by approximately \$118,000. The Company incurred approximately \$3,932,000 in operating expenses for three months ended March 31, 2016 compared to approximately \$4,050,000 for the three months ended March 31, 2015. The decrease of approximately \$118,000 was primarily due to the decrease in general and administrative expenses of \$120,000.

This unaudited financial information is preliminary based upon estimates and currently available information and does not reflect final estimates of contingent liabilities arising out of subsequent events and any final adjustments therein. The financial information presented above does not constitute a comprehensive statement of the Company's financial results for the quarter ended March 31, 2016, and the Company's final results may differ from these estimates.
